

IOSH Course – Safe Management at Live Events: Registration form

Course (please mark your choice with an 'X'):

ONE DAY REFRESHER – Monday 27 February 2023

To maintain certification on the Safe Management course it is necessary to attend a one-day recertification course every three years after which a new certificard will be awarded

4 DAY FULL COURSE – Tuesday 28th February-Friday 3rd March 2023

This four-day intensive health and safety course delivers a grounding in health and safety law and covers event risk assessment in detail. This course is considered standard for all events professionals and is particularly aimed at event managers and operations staff with health and safety responsibilities.

Location: **The Crowndale Centre, Committee Rooms, 218 Eversholt Street, NW1 1BD**

The Crowndale Centre is a fully accessible venue. If you have an accessibility requirement, please contact us via email

Tutor: **Simon Garrett, X-Venture**

X-Venture is the preferred training provider for a large part of the events industry from niche organisations up to the most high-profile global event companies offering courses which are designed for the international market as well as for UK based event companies. From our consultancy and operational work with a wide range of organisers, high footfall venues, event contractors and local authorities we have built up a unique understanding of the industry. Our trainers are all event managers by instinct as well as health, safety and security specialists. Our courses are truly bespoke to the industry, covering the exhibitions (B2B and B2C), entertainment and sports sectors. All our courses are updated at least every 6 months to reflect changes in the law and operational practice. The course director Simon Garrett is a Chartered Fellow of IOSH, and the International Institute of Risk and Safety Management who has worked with event companies on projects and training in the UK, Europe, Africa, Asia, Southeast Asia, and the Americas.

Other information:

All you need to do is turn up; we will provide everything you will need.

No prior preparation is necessary, but you may wish to think of specific issues that you would like advice on while you are there.

For the **4 DAY FULL COURSE** some light revision may be necessary in the evenings and at the end of the course a project needs to be completed and sent back to us within 2 weeks. This project will take between 2-3 hours.

This course is managed and hosted by Camden Events Service.

This form must be returned by email to CAMDEN EVENTS SERVICE at events@camden.gov.uk
