

Dumped rubbish

From a few black bags to piles of furniture, rubbish makes areas look unattractive and can quickly get out of control.

What we do

- Each year we collect any dumped rubbish we see, plus over 25,000 'fly-tips' reported by you.
- We clear 90% of these within 24 hours.*
- We issue fines to anyone caught and prosecute people and businesses who illegally dump their rubbish on our streets.

*Camden Council only removes dumped rubbish from council-owned land.

What you can do

- See it? Report it.
- Report dumped rubbish free on the Love Clean Streets app.

Bulky rubbish collections

- Free collections of reusable furniture
- Free collections of large electrical items and white goods
- Special collections for large household items to be disposed of

Visit camden.gov.uk/bulkywaste for more information.

Discourage dumpers

To improve the look of and protect an affected area, you could:

- Create a flower bed or add hanging baskets
- Place a seating area for people to rest
- Add a solar night lighting scheme
- Paint a mural or new artwork.

Want funding to help?

Search for artscouncil.org.uk/funding/funding-finder

Work with your community to spot and report crime. Visit ourwatch.org.uk to learn how.

Some dumped rubbish contains items that may be unsafe or dangerous. Photograph and report dumped rubbish using the Love Clean Streets app. Residents without online access can call **020 3567 8105**.

If it is on private land it is up to the landowner to arrange for its removal.
